### **CONCLUSION AND SUGGESTIONS**

In this chapter, the writer presents the conclusion and suggestions of the study.

#### **5.1 Conclusion**

Based on the result of the data analysis, the writer comes to the conclusion. The result of data analysis indicates that: (1) the students of SMAS Taruna Mandiri Fatubena are able to understand the text they read, and their levels of ability are as follows: Fairly good level of ability ranges from 6.6 – 7.5. There are six (6) students 23%. Average level of ability ranges from 5.6 – 6.5. There are five (5) students 19%. Below average level of ability ranking from 4.6 – 5.5. There are seven (7) students 27%. Poor level of ability ranking from 3.6 – 4.5. There are eight (8) students 31% of 26 students. (2) The ability level of the whole students is average.

#### **5.2 Suggestion**

Based on the conclusion above, the writer would like to suggest the following things.

1. For the English Teacher

In order to improve the students ability in reading comprehension, the English teacher should give more practice in English reading text. He also adds and explains the use of vocabulary that can help the students in comprehending reading text.

## 2. For the Students

The students should practice English reading text. They should have English – English and English – Indonesia dictionaries to look up the difficult words they find in reading any text.
