

CHAPTER V

CONCLUSION AND SUGGESTIONS

In this chapter, the writer presents the conclusion and suggestion of the study.

5.1 Conclusion

Based on the result of the data analysis, the writer comes to the conclusion. The result of data analysis indicates that the students of SMP Negeri 1 Kupang are able to understand the text they read, and their levels of ability are as follows: Two students (11%) got very good level ability ranging from 8.6 – 9.5. Three students (17%) got good level ability ranging from 7.6 –8.5. Four students (22%) got fairly good level ability ranging from 7.6 – 7.5. Seven students (39%) got average level ability ranging from 5.6 – 6.5. Two students (11%) got below average level of ability ranging from 4.6 – 5.5. The ability level of the whole students is fairly good.

5.2 Suggestion

Based on the conclusion above, the writer would like to suggest the following things.

1. For the English Teacher

In order to improve the students' ability in reading comprehension, the English teacher should give more explanations about English reading text and they also

should help them to master on vocabulary that can help them comprehend reading text.

2. For the students

The students should practice English reading text. They should have English – English and English – Indonesia dictionaries to look up the difficult words they find in reading any text.
