

CHAPTER V

CONCLUSIONS AND SUGGESTIONS

In this chapter, the writer presents the conclusion and suggestion of the study, the conclusions are done based on the result of data analysis and discussion on chapter IV which is line with the problem statements.

5.1 Conclusions

1. Based on the analysis in chapter IV, the writer would like to say that the eighth grade students of SMPK St. Theresia Kupang (class VIIIIE), in general are able to write a recount text.
2. The level of students' ability is classified as "AVERAGE" (19,2) based on the average grade.
3. The errors committed by the students are found in all aspects of writing: grammar, vocabulay, mechanics, fluency, and form as have been discussed in chapter IV.

5.2 Suggestion

Although the students are able to write a recount text, they still committed many errors; therefore the writer wants to give suggestion to the English teacher of SMPK St. Theresia Kupang. The teacher should pay more attention on the teaching of grammar especially the used of past tense in writing recount text, choice of word, punctuation and spelling.
