CHAPTER V

CONCLUSION AND SUGGESTION

After analyzing the data in the chapter IV, the writer comes to the conclusion of this study. The conclusion is the answer of the statement of the problem stated in chapter 1. Based that, in this chapter the writer also would like to give some suggestion which is based on the conclusion that are gained from the result of analysis and discussion. The conclusion and suggestion in the detail are presented below.

5. 1 Conclusion

Based on the analysis and discussion in the previous chapter the conclusion. The conclusion of this study is the straight answer to the statement of the problem in the first chapter.

The result of the data analysis show that the first year students of SMA Swasta Terakreditasi Kupang are able to understand the text they were red and their level of ability as follow:

One student got very good level of ability ranging from 8.6 – 9.5, five students got Good level of ability ranging from 7.6 – 8.5. Nine students got Fairly Good level of ability ranging from 6.6 – 7.5, one student got Bellow Average level of ability ranging from 4.6 – 5.5, and three students got Poor level of ability ranging from 3.6 – 4.5.

Based on data above, the writer made a conclusion that the ability of the study Very Good.

5.2 Suggestion

Based on conclusions of the study the writer would like to give some suggestions as follow:

1. For the writer

   For teacher should pay attention about the material that will be write and the writer should have many resources especially in reading comprehension.

2. For teacher of English

   For the English teacher, should pay more attention to the students knowledge about grammar because based on the answer given by the students in their answer sheet, the writer found some grammatical errors.

3. For the researched school head

   For the researched school head should decided an English day for the students to improve the students mastery on the vocabulary used in reading text.

4. For the students

   For the students must be studying, so they can have attention to learn English. By doing this the students are expected to master the reading text of the English sentence helpful for the students to enrich their vocabulary and to communicated in English well with other people in their daily life.
