

## CHAPTER V

### CONCLUSION AND SUGGESTION

It is the last chapter from this thesis. In this chapter the writer presents the conclusion of the study and some suggestions to the students, English teacher and the writer himself.

#### 5.1. Conclusion

After making the analysis and discussing the data intensively, the writer draws conclusion related to the study as follows:

- a. The eighth grade students of SMPK Sancta Familia Kupang in the School Year 2015/2016 are *able* to comprehend reading text literally.
- b. The average of their grade is 65.05. Based on the standard of measurement used in this study, level of ability of the eighth grade students of SMPK Sancta Familia Kupang in the school year 2015/2016 is *average*.
- c. The areas of difficulties faced by the eighth grade students of SMPK Sancta Familia Kupang in comprehending reading text are grammar and spelling. The grammatical problem faced was in simple past form. For example, in answering the question: *Were the children happy when they finally met their mother in the river?* The students answered *Yes, they were* the answer should be *No, they were not happy*. The spelling problem in writing the answers of the comprehension questions was *thripipe* (student number 15).

## **5.2. Suggestion**

Based on the result of the study, the writer would like to suggest the English teachers of SMPK Sancta Familia Kupang to give more practice to the students. It can be done by providing various reading texts that should be comprehended by students either in class or at home. They also should help them to master the grammar and vocabulary that can help them into comprehend reading text. Furthermore, for the students who had below average and poor ability, the writer suggests the teachers to pay more attention to them in comprehending reading text in particular and learning English in general.
