

## CHAPTER V

### CONCLUSIONS AND SUGGESTION

In this chapter, the writer present the conclusion and suggestion of the study, the conclusion are done based on the result of data analysis and discussion on chapter IV which is line with the problem statements.

#### 10.1 Conclusions

Based on the result of the data analysis, the following results are found.

1. The tenth grade students of SMA Negeri 5 Kupang (Class A) are able to write a good recount text.
2. The ability level of the tenth grade students of SMA Negeri 5 Kupang in writing recount text is classified as “average” (19.2).
3. The areas of difficulty faced by the tenth grade students of SMA Negeri 5 Kupang in the school year 2015/2016 in their writing of recount text were grammar, vocabulary, mechanics, fluency, and form. The most difficult area of writing was in **vocabulary**. It can be seen in the result of the study. The student ability level on each element, are as follows. The grand score in grammar is 40 and average is **4**. The grand score in vocabulary is 34 and the average is **3.4**. the grand score in mechanics is 39 and the average is **3.9**. The grand score in fluency is 39 and the average is **3.9**. The grand score in form is 40 and the average is **4**.

## **10.2 Suggestion**

Based on the result of the study and the conclusion discussed above, some suggestions can be given, as follows.

Although the students are able to write a recount text, they still committed many errors. Therefore, the writer wants to give suggestion to the English teacher of SMA Negeri 5 Kupang. The teacher should pay more attention on the teaching of grammar especially the use of past tense in writing recount text, choice of word, punctuation, and spelling. And especially for students' vocabulary, the teacher should give them more exercises and asking them to memorize it everyday.
