

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer would like to present some conclusion and suggestion based on the analysis.

5.1 Conclusion

Based on the analysis in chapter four, it can be concluded that:

- a. The eighth grade students of SMP Negeri 5 Kupang are able to present the describing cartoon picture orally in front of the class.
- b. Their level ability is classified as very good.
- c. Although their ability level is already very good but the writer also found that students still committed many errors regarding: grammar (subject pronoun, article and infinitive form) vocabulary, and pronunciation.

5.2 Suggestion

Based on the result of study and conclusion drawn above, some suggestions can be given, especially to the English teacher of SMP Negeri 5 Kupang and to the student themselves.

- a. To English Teacher

It is advisable to train the students to speak English in front of the class in presenting something like describe cartoon picture or other material and motivate the students in order to read more to increase their language skill.

- b. To Students

For grammar and pronunciation, the students should try to improve their pronunciation by listening to the radio, song, movie, youtube and TV

programs which use English. They are also advised to enrich themselves with more vocabularies, such as by reading English book. In the class room if the student not understand yet what their English teacher teaches, they should ask their English teacher to teach again what they don't understand.
