Program

ACKNOWLEDGEMENT

First of all, the writer wishes to express his deepest thanks and praise to the Almighty God for the grace and guidance so the writer could finish this thesis. The writer also recognizes that this thesis could not have been completed without the support and assistance of other people.

In finishing this thesis, the writer was helped by others. Therefore, with sincere gratitude the writer would like to thank the following persons:

1. Dr. Damianus Tallok, MA as the Dean of the Faculty of Teacher Training and Educational Science of Widya Mandira Catholic University who has given administrative affairs to the writer to conduct his research in the field.
2. Dr. Drs. Kletus Erom, M.Hum as the Head of English Study Program who helped the writer with all the administration affairs so this thesis could be finished.
3. Dr. Drs. Kletus Erom, M. Hum as the first advisor and P. Paulus Asa, Mag, TESOL. M. Pd as the second advisor for their guidance, supports, ideas, and correction for this thesis.
4. Drs. Ataburan Klemens, M. Hum as the first panelist and Yohanis Nurak Siwa, S.Pd, M.Pd as the second panelist who has given worthy correction and suggestions in the proposal seminar and thesis examination.
5. All the lecturers of Widya Mandira Catholic University especially those of English Program for their kindness and knowledge that they have shared and given to the writer.

6. The informants of Solor Dialect of Lamaholot Language spoken in Kalike village, Especially for those who kindly shared precious knowledge concerning their language to help the writer in doing this research.
7. His beloved parents Yakobus Gere Wokal and Agnes Lagawaen Herin for their prayer, love, motivations and support.
8. His beloved brothers Charles, Ranno and Leonard who with their own ways gave support, motivations and help the writer during his study.
9. His cousin brothers and sisters Kortin, Shon, Oa Atty, Oa Charoll, Sofia, and relative whose names are not mentioned here who helped, motivated, and supported him in finishing this research.
10. His best friends Iwan, Zamson, Dona, Adit, Hassan, Prilly, Aysah, Sr. Jossie and all of him friends in English Department at period 2013/2014 in Widya Mandira Catholic University for some times that have been spent together, and relative whose names are not mentioned here who helped and supported him in finishing this research for their kindness and supports during him study.

Finally, the writer realizes that all he has received cannot be paid over and let God bless them all.

Kupang, September 2017

The Writer

ABSTRACT

The title of this study is “**A Study on Conjugation of Subject –Verb Agreement of Solor Dialect of Lamaholot Language.**” The problems of the study are the following **1.** What are the forms of Conjugation of Subject-Verb Agreement of Solor Dialect (SD) of Lamaholot Language (LL). **2.** What is the time markers used in Conjugation of Subject-Verb Agreement of SD of LL. The objectives of this study are to identify and describe the forms of Conjugation of Subject-Verb Agreement of SD of LL and also to find out the time markers used in Conjugation of Subject-Verb Agreement of SD of LL. To analyze the data of this study, the writer used Descriptive method. The instrument prepared by the writer in Bahasa Indonesia is intended to elicit the conjugation of subject-verb agreement and time markers in SD of LL in the sentences. The writer just chose two people in Kalike village in this study as the informants, because the writer also the native speaker of SD of LL. The data of SD of LL were translated by gloss and idiomatic gloss into English. The writer took three verbs as an example in analyzing and describing the data such verbs include *eat*, *go*, and *sell* and only the verb *eat* was taken for analyzing the time markers of SD of LL. The result of this study shows that there is conjugation of subject–verb agreement and time markers of SD of LL. There are two kinds of conjugation of subject-verb agreement of SD of LL. **1.** The conjugation of subject-verb agreement occurs in different form and sound of verbs of all kinds of personal pronouns as the subject in the sentence. The examples shown in verb *eat* representing other verb in SD of LL **2.** The conjugation of subject-verb agreement occurs in the same form and sound of verbs of all kinds of personal pronouns as the subject in the sentence. The examples shown in verb *sell* representing other verbs in SD of LL. The Conjugation of subject-verb agreement of SD of LL relates to the personal pronoun functioning as the subject of the sentence. They are the first singular person *goe* ‘I,’ the second singular person *moe* ‘you’ (singular), the third singular person *nae* ‘she/he,’ the first plural person *kame* ‘we’ (exclusive) and *tite* ‘we’ (inclusive), the second plural person *mio* ‘You’ (plural), and the third plural person *rae* ‘they.’ There are some time markers in SD of LL. The time markers are shown in certain lexicons with their various different lexical meanings and the syntactic patterns position. Those time markers include **1.** *Mete-uli/mor* ‘still,’ which *mete* placed before the verb and *uli/mor* placed after the goal. **2.** *Mete* ‘while’ placed before the verb. Both of them mark the progressive action **3.** *Kae* ‘already’ placed after the goal, which marks the perfectum action. The time markers of SD of LL are related to the time of action. Based on the finding the suggestion is offered to other researcher to do the study on other types of SD of LL of the Conjugation of subject-verb agreement in aspect, mood, diathesis, negative sentence and interrogative sentence.
