

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the writer would like to present some conclusions based on the data and provide some suggestions.

5.1 Conclusion

Based on the objectives of the study and referring to the description as presented in previous chapter, the writer would like to present the conclusion as follows:

1. In general the migrant workers in PT. Citra Bina Tenaga Mandiri Kupang are able to speak English related to their job.
2. The speaking ability level of migrant workers in speaking English related to their job is overall 13.4 or “High Advance”.
3. The areas of difficulties in speaking faced by the migrant workers are grammatical error especially in the use of “to be” and constructing the interrogative sentence, lack of vocabulary to complete a sentence and wrong pronunciation of some words.

5.2 Suggestion

Based on the conclusion above the writer would like to give suggestions as follows:

1. For PT. Citra Bina Tenaga Mandiri.

Even the migrant workers' ability level is "High Advance" but they still have mistakes in grammar, vocabulary and pronunciation. Therefore, English course have to be taught more intensive and the duration of English course should be added. Not only local language of the target countries as Malay, Chantonis and Mandarin language that get more attention but also English too where English as their lingua franca.

2. For the Migrant workers

Good speaking skill in English helps migrant workers smoothen their job abroad. Therefore, migrant workers should be pay attention in English and more seriously in learning English. By mastering the English, your speaking ability will be better and it will bring good influence in your job.
