

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter, the writer presents the conclusion and suggestion of the study, the conclusions are done based on the result of data analysis and discussion on chapter IV which is line with the problem statements.

5.1 Conclusions

From the discussion mentioned in the previous chapter, the researcher draws some conclusion of this study as follows:

1. The implementation of video as a learning aid to improve students ability in writing descriptive text was very effective. It was supported by the significane class average in the first and second cycle. The class average of Cycle 1 is (15,05) and Cycle 2 is (17,52).
2. The use of video in improving students' writing ability in descriptive text is effective, interesting and able to motivate the students to learn English.

4.1 Suggestions

Having concluded the result of this research, the writer would like to state some suggestions that hopefully will be useful, especially as follow:

1. For the Teacher:
 - a. Teacher may consider the use of video in Teaching of writing descriptive writing text, because it motivates students to describe something. However, they need to prepared the equipment well and plan the time allocation.

2. For the students

- a. Students should improve their English ability specifically in writing skill by participating actively in learning process.

3. Other researcher

For further researcher, the result of this study might used as an additional references for having further study, for instance the use of movie in improving students' speaking ability,etc.
