

## CHAPTER V

### CONCLUSION AND SUGGESTION

This chapter is about conclusion and suggestions dealing with the result of data analysis as have been discussed in chapter four.

#### 5.1 Conclusion

From the discussion of this study, the writer would like to conclude that the grammatical errors direct and indirect speech eight grade of SMP N 13 in the school year 2013/2014 are misformation, omission, misordering, and addition. The most frequent errors committed by the eight grade students of SMP N 13 is misformation with total 170 (55.37 %).

#### 5.2 Suggestions

Based on the conclusion the writer would like to give the following suggestions:

1. The teacher of English at the researched school to give more attention in the teaching of English in general by giving many excercises and tasks, particularly in the teaching of structure and vocabulary?
2. The students should learn more on how to the types of errors committed by the students using direct and indirect speech forms in sentences?
3. The English teachers should pay more attention is the most common error committed by the students in using direct and indirect speech forms in sentences?
