

CHAPTER V

CONCLUSION AND SUGGESTION

In this chapter the writer presents the conclusion and suggestion in this study. The conclusion is based on the statement of the problem, objective and data analysis. The suggestion goes in line with the significance, data analysis and conclusion. They are presented in details below:

5.1 Conclusion

Based on the results of the study, it can be concluded some conclusion. They are as follows:

1. The eleventh grade students of SMAN 2 Kupang in the school year 2016/2017 were not able to change direct and indirect speech. Based on the results of data analysis shows that the ability level of students is classified as bellow average. In fact only 13 students (54.16%) passed the test while 11 (45.83%) not passed the test.
2. The areas of difficulties faced by the students are less understanding of English grammar. The difficulty encountered by the students occured in tenses, personal pronouns, and another change such as command and questions into direct and indirect speech.

5.2 Suggestion

Based on the results of this study, the conclusion is the eleventh grade students of SMAN 2 Kupang in the school year 2016/2017 are unable to use direct and indirect speech, their ability level is categorized as below average 4.76. Therefore, the writer aims to give some suggestions that are presented in the following:

1. The Students

Students need to improve their ability in understanding grammar, so they can use direct and indirect speeches, particularly to apply the formula to change direct to indirect speech, or vice versa.

2. The English Teacher

The teacher of English, especially at the researched school should use an approach and provide more practice to increase students understanding of learning grammar especially on the rules of change direct and indirect speech.
